

BRAIN TUMOR SPOTLIGHT SERIES

Meningioma:

TREATMENT OPTIONS, CLINICAL TRIALS AND Q&A

Join University of Cincinnati Brain Tumor Center physicians for a multidisciplinary discussion on meningioma.

Topics will include incidence and risk factors, symptoms, imaging modalities, surgery, radiotherapy, chemotherapy and clinical trials. The seminar will end with a case review and panel discussion.

Wednesday, May 24
7 – 8:30 p.m.

Cancer Support Community
4918 Cooper Rd.
Cincinnati, OH 45242

RSVP by May 22, 2017 at UCHealth.com/events/meningioma2017.
